

Sewing Pattern — Skirt 2007

Recommendations on fabric: stiff satin

You will also need: zipper of 20 cm length; fusing; lining

If the pattern has double contour the seam allowances are included.

Seam allowances are NOT included by default and need to be added when laying out and cutting details if your pattern has single contour.

Seam allowances: 2 cm for back middle seam (to stitch the zipper) and skirt hem. 1 cm for other seams.

Attention! First of all please print all the paper patterns and lay them out at the width of fabric you plan to use (usually from 90 to 150 cm) to see how much fabric you will need. Don't forget to count pair parts and symmetrical parts.

When sewing the garment, pay attention to notches, they must coincide.
