

## Sewing Pattern — One-piecer 6093

Recommendations on fabric: serviceable wearproof fabric (cotton+polyester).

If the pattern has double contour the seam allowances are included.

If the pattern has single contour, the seam allowances are NOT included and need to be added when laying out and cutting details.

Attention! First of all please print all the paper patterns and lay them out at the width of fabric you plan to use (usually from 90 to 150 cm) to see how much fabric you will need. Don't forget to take into account pieces to be duplicated or cut on a fold.

When sewing the garment, pay attention to notches, they must coincide.

### **CUTTING:**

(On the pattern pieces, “beam” means straight of grain. Lay out your pieces accordingly. Some pieces will be cut on the fold. This is noted on the pattern piece. Mark all notches and other design features such as darts, pleats etc. from the pattern onto your fabric.)
