

Sewing Pattern — Cap 7092

Recommendations on fabric: thick cotton or flax.

You will also need: lining, rubber padding, clasper, eyelets

If the pattern has double contour the seam allowances are included.

If the pattern has single contour, the seam allowances are NOT included and need to be added when laying out and cutting details.

Seam allowances: all seams – 1 cm, outer seam of rubber visor – 0 cm

Attention! First of all please print all the paper patterns and lay them out at the width of fabric you plan to use (usually from 90 to 150 cm) to see how much fabric you will need. Don't forget to count pair parts and symmetrical parts.

When sewing the garment, pay attention to notches, they must coincide.

CUTTING:

Main fabric:

1. Front gusset - 1 detail
2. Side gusset - 2 details
3. Back gusset - 2 details
4. Visor - 2 details
5. Closure tape – 2 details

Lining:

1. Front gusset - 1 detail
2. Side gusset - 2 details
3. Back gusset - 2 details

Rubber padding:

1. Visor - 1 detail

INSTRUCTIONS:

1. Sew dart on front gusset. Press the seam and stitch up. Sew side gussets to back ones, press seams and stitch up. Sew back center seam, press, stitch up. Stitch front gusset to side one, press the seams and stitch up.
2. Fold closure tapes right sides together, overstitch, turn onto right side, serge, press and topstitch. Run one tape through the clasper, fold in the center, level edges, laying ends of the tape one onto another. Stitch the clasper to one back gusset, and eyelets tape to another one.
3. Fold details of the visor right sides together and overstitch along outer contour. Cut seam allowance close to the seam. Turn the visor onto right side. Insert rubber padding so that the seam is in the center of padding. Topstitch the visor along outer contour, fixing the padding. Main fabric must cover the padding tightly. Level the inner edge of the visor.
4. Neaten the head edge onto wrong side. Tack the visor to the head with thick stitches so that centers coincide and ends of the visor are the same distance off the seams and off the cap's edge.
5. Sew details of lining the same way as main fabric details. Fold main fabric details and lining details right sides inside and sew them together along back edge line. Turn the head onto right side, serge the seam, press and put decorative stitch. Flatten the lining in the cap, fix along seams. Turn inside lower edge of lining so that it is not seen on right side and put decorative stitch along cap's, stitching lining and visor at the same time.
6. Pierce the eyelets on the closure tape.
