

Sewing Pattern — Bag 3012

Recommendations on fabric: stiff natural/mixed fabric, faux/natural leather.

You will also need: fusing, lining, zipper, zipper for inner pocket.

If the pattern has double contour the seam allowances are included.

Seam allowances are NOT included by default and need to be added when laying out and cutting details if your pattern has single contour.

Seam allowance: 1 cm for all seams. 0.5 cm for side part and side pocket. 0.5 cm for main part's side edges.

Attention! Before sewing, print paper patterns and lay them out according to the linen width (from 90 to 150 cm) to find out how much material you need (do not forget about double and symmetric details).

When sewing the garment, pay attention to notches, they must coincide.
