Recommendations on fabric: sheer natural fabric.

If the pattern has a double line around it, the seam allowances are included. **Note:** By default, seam allowances are NOT included (single line) and will need to be added when laying out and cutting details.

Seam allowance: 1 cm for all seams, 2 cm for hem

Attention! First of all, please print all the paper patterns and lay them out at the width of fabric you plan to use (usually from 90 to 150 cm) to see how much fabric you will need. Don't forget to take into account pieces to be duplicated or cut on a fold.

When sewing the garment, pay attention to notches, they must match up with corresponding pieces.

CUTTING:

The word, “beam” used on some patterns means “straight of grain”. Some pieces will be cut on the fold, this is noted on the pattern piece. Mark all notches and other design features such as darts, pleats etc. from the pattern onto your fabric.

Darts: The fold of the dart is always pressed toward the center of your garment, or down toward the hem.
